

All,

Beginning **Thursday, October 3, 2019** the contractor will begin work along the east side of Melrose Drive by closing Melrose Drive from Royal Drive to Approximately 300' South. In order for the contractor to begin pavement removal, a full road closure will be required. The road closure for Stage 4 will be in effect for **six (6) to eight (8) weeks**, depending on the weather. Below you will find a map with the closure area highlighted.

For safety's sake, please stay away from the construction area. Heavy equipment will be moving back and forth on the closed street. It would be advisable to stay behind the sidewalk on the property side during the reconstruction work.

If you want additional information about the 2019 Street Construction Project, please visit the project web page at www.cedarfalls.com/StreetConstruction

If you want to receive road closure notices by e-mail, visit www.cedarfalls.com/notify and follow the instructions for road construction as shown.

If you have any questions or concerns during the course of construction you may contact me by phone, fax or e-mail as listed below.

Sincerely,
Ben Claypool
